India to form Pharma Bureau to support Govt & Industry

March 6, 2020 | News

The Bureau will coordinate with different ministries of the Central Government as well as the State Governments

The Department of Pharmaceuticals, under the Ministry of Chemicals and Fertilizers, Government of India, has announced the launch of Pharma Bureau- a body of technical experts, which will act as a single-point interface for the pharmaceutical and medical devices industry for issues relating to the Government of India and various State Governments.

The Bureau will coordinate with different ministries of the Central Government as well as the State Governments for providing solutions to the Industry in a time bound manner.

In partnership with Invest India, the National Investment Promotion and Facilitation Agency that helps investors looking for investment opportunities and options in India, the Bureau will also help facilitate both foreign as well as domestic investment in the Pharmaceutical and Medical devices industry in India. The bureau will also act as a policy think tank to support the Government as well as the Industry.
