Efficient, Smart and Innovative Healthcare Expo at Taiwan

August 7, 2018 | News

Taiwan Healthcare+ Expo is the signature expo in Asia Pacific that provides solutions for medicine, health, and care.

In this rapidly evolving era of health industry transformation, interdisciplinary alliances beyond boundaries will create endless opportunities for innovation and growth! This year, Taiwan Healthcare+ Expo will explore the health industry trend and focus on 3 central themes:

- Efficient Healthcare

The application of clinical big data, AI, and innovative medical devices to achieve high quality, precise, and efficient healthcare.

- Smart Healthcare

The combination of mobile and IoT technologies, user-friendly assistive devices, and new care models to achieve smart healthcare.

- Innovative Healthcare

The utilization of personal health management technologies and tools as well as novel pharmaceutical technologies and products to achieve preventive medicine and effective therapy.

Taiwan Healthcare+ Expo is the signature expo in Asia Pacific that provides solutions for medicine, health, and care. The expo is being conducted from 29th November to 2nd December 2018 at Taipei Nangang Exhibition Center.
