TRHC's CareVention division will offer CareKinesis' medication risk management and pharmacy services for PACE organizations across the country.

ACQUISITION

Singapore - Tabula Rasa HealthCare has acquired Mediture and eClusive, a leading electronic health record solution and provider of third party administrator services in the PACE (Program of All-inclusive Care for the Elderly) market.

Mediture and eClusive will become part of TRHC's new CareVention HealthCare technology and service division, which was created in response to PACE 2.0, a National PACE Association initiative to accelerate PACE growth. The CareVention division will offer an integrated technology platform, including advanced data analytics, as well as consulting services for PACE and other financially at-risk healthcare organizations to support growth and optimize the care they provide to their participants. PACE is a federal program, with 250 centers located in 31 states serving a growing number of eligible Medicare and Medicaid participants.
