Hetero launches Generic Lapatinib in India

January 11, 2019 | News

The product is marketed and distributed under the brand name Ã¢â?¬Ë?HERTAB' by Hetero Healthcare Ltd.

Hetero, one of India's leading generic pharmaceutical companies and world's largest producer of anti-retroviral drugs, has announced the launch of generic version of Lapatinib (250 mg) tablets in India.

The product is marketed and distributed under the brand name 'HERTAB' by Hetero Healthcare Ltd. It is made available in two SKUs, each consisting of 30 tablets and 150 tablets.

HERTAB (Lapatinib) is an oral therapy indicated for the treatment of postmenopausal women with HER2-positive advanced breast cancer patients whose disease has progressed after taking Trastuzumab therapy. Lapatinib is used in combination with other medication Capecitabine or Letrozole, which together, inhibit the growth of cancer cells in patients.
