

Cigna brings Medical Plan on OneDegree Global's Online Platform

18 February 2019 | News

New online insurance platform provides easy access to medical protection

Cigna Corporation's Hong Kong business has announced that its Cigna Plus Medical Plan health insurance product is now available on the new digital platform powered by OneDegree Global Limited (OneDegree Global). Enrolling in the Cigna Plus Medical Plan is simple and the application can be completed in as little as three minutes.

The new platform will streamline the insurance purchase and claim processes, and offers customers a fast, simple, and transparent online experience. The Cigna Plus Medical Plan acts as supplemental protection to existing group or individual medical plans. It provides comprehensive medical protection of up to HK\$1 million for hospital and surgical expenses worldwide.

Yuman Chan, CEO and Country Manager, Cigna Hong Kong, said: "Cigna is dedicated to making healthcare accessible to everyone via digital innovation. Working with technology company OneDegree Global underscores Cigna's commitment to 'making it easy for our customers' by delivering another digital solution to provide convenient access to medical protection."

"Cigna is one of the world's leading health services companies. I am confident that their healthcare expertise, coupled with OneDegree Global's customer-centric solutions, will break new ground in Hong Kong's health insurance market. We are excited to work with Cigna to drive the future of digital healthcare in Hong Kong," said Alex Leung, co-founder, OneDegree Global.
