DHA Chief inaugurates multiorgan transplant centre in India

December 6, 2019 | News

The group plans to create a strong network of hospitals in India and the Indian subcontinent in the coming years

A high-level delegation from Dubai led by His Excellency Humaid Al Qutami, Director-General of the Dubai Health Authority (DHA) visited the BR Life SSNMC Hospital at Raja Rajeshwari Nagar, Bangalore, India.

The delegation was received by Dr. B R Shetty, Chairman, BRS Ventures, Mr. Binay Shetty, Vice Chairman and Group CEO, BRS Ventures and Col. Hemraj Singh Parmar, Group CEO, BR Life at the BR Life SSNMC Superspecialty Hospital premises at Raja Rajeshwari Nagar, Bengaluru.

Al Qutami inaugurated the two latest superspecialty departments of Multiorgan Transplant Sciences and Andrology cum Reproductive Sciences at the hospital during his visit.

The delegation was provided an overview of the services at the hospital. BR Life made its foray in India in 2013 and currently operates and manages close to 1,600 beds across locations in Bangalore, Trivandrum, Bhubaneshwar, Udupi and Raipur.

The group plans to create a strong network of hospitals in India and the Indian subcontinent in the coming years. These hospitals deliver advanced, accessible and affordable world-class superspecialty quaternary healthcare with the motto “care with compassion”.

BR Life Hospital group has already made its mark in the superspecialties of Cardiac Sciences, Neuro Sciences, Ortho Sciences, GI Sciences and Oncosciences and now is also adding Multiorgan Transplant (Kidney, Liver and Pancreas) Sciences along with Andrology & Reproductive Sciences to its armory of world-class superspecialty quaternary care.

Through this medical exchange collaboration program, BR Life will focus on building capacity and creating an ecosystem for exchange of clinical excellence, ideas and services and develop a new vision for the future of the burgeoning medical industry.

Al Qutami said, “In line with the vision of the leadership of Dubai, we are keen to foster and promote collaborations with leading institutions in the world in the health sector with an aim to provide high-quality care to our patients and visitors.

Through our collaborations we will forge new partnerships and share experiences and expertise with the aim to further enhance the health sector in Dubai and provide world-class medical care."

Talking on the visit, Dr. B R Shetty, Chairman, BRS Ventures said "This visit from the Dubai Health Authority to explore a collaborative medical exchange program is a proud moment for all of us at BR Life. We are keen to enhance healthcare collaboration between India and UAE.

"With highly skilled doctors and clinical expertise. We look forward to a long-standing relationship with Dubai Health Authority wherein we work closely with each other to create a unique value proposition."
