MOPI to conduct 'International Good Manufacturing Training Program 2020'

January 20, 2020 | News

The training program consists of 13 courses with Certification from National Pharmaceutical Regulatory agency-MOH

Malaysian Organisation of Pharmaceutical Industries (MOPI) is organising 'International Good Manufacturing Training Program 2020' endorsed by 'National Pharmaceutical Regulatory agency-MOH'.

Upon successful completion of each module, the participant will be awarded by the certificate endorsed by National Pharmaceutical Regulatory agency, Ministry of Health, Malaysia.

The training program consists of 13 courses. These courses cover the essential principles of Good Manufacturing Practice (GMP). Participants are expected to gain an understanding of current requirements and future international trends within the regulated industry. The training is delivered in the form of a workshop which comes a combination of case studies, class exercises, and group discussion.

Aims & Objectives :

The aim of the training program is to provide a conceptual understanding of GMP, as well as to introduce the various current practices for implementation at the workplace.

Who Should Attend

Key personnel in GMP & Quality Management, Managers, Engineers, Executives, Quality Practitioners and any member of the pharmaceutical and related industry. Those from Research and Development, Quality and Production will find this program relevant and beneficial to their job function as well.

Trainer

The courses are both developed and delivered by SeerPharma. All Seer Pharma trainers with years of industrial experience in Quality Management or Production Management in major multinational companies. They have worked with various regulatory standards including FDA, EU, PIC/S, TGA and ISO. The trainer for each module will have specific expertise in that subject matter. SeerPharma is Australia's and Asia Pacific's premier training and consulting groups offering integrated consulting,

training and technical services to Australia and the Asia Pacific region to meet all international regulatory standards.
