Daiichi Sankyo to donate $1M for COVID-19 relief fund

April 17, 2020 | News

In support of relief efforts for countermeasures against COVID-19

Daiichi Sankyo Company, Limited has announced that, through the Japan Center for International Exchange, it will make a donation of $1 million to the COVID-19 Solidarity Response Fund in support of relief efforts for countermeasures against COVID-19.

Daiichi Sankyo decided to provide this donation as part of our global contribution to society in light of the need for global support of measures against COVID-19 and concerns about the rapid spread of infection in the future in areas where access to healthcare is inadequate.

In addition, Daiichi Sankyo group companies in the world have already provided a variety of support, including donations, to meet specific needs in each country and region. The details of such support will be made public as they become available through the page entitled, “Our Company’s Efforts to Limit the Spread of the Virus that Causes COVID-19,” on our corporate website.
