Freyr Launches COVID-19 Web Platform for Manufacturers

July 3, 2020 | News

"The priority is to let manufacturers be aware of the global health authority regulations that can empower them to chalk out a robust plan for compliant global market-entry," says Suren Dheenadayalan, CEO, Freyr

Freyr, a leading global Regulatory solutions and services company, on 1 July 2020 announced the launch of a powerful web platform for Covid-19 driven with real-time information for manufacturers to make them go to the markets, right in time and support them in emergency use authorizations with global Regulatory authorities.

In the light of recent times, the need of the hour for the Covid-19-related product manufacturers is to access and easily decode the region-specific Regulatory information to launch their products globally.

With a strong intent to stand up to the requirement and to support the cause of being together in saving lives, Freyr is glad to unleash an exclusive Covid-19 web platform that not only furnishes a gamut of Covid-19 related health authority/country/product-specific information, but also deploys Covid-19 Regulatory Task Force (CRTF) to provide expert consultation. The platform is specifically targeted to provide:

- Product & Country Specific Registration Guidance/Support
- Covid-19 Related Regulatory Updates
- Exclusive Case Studies, Whitepapers & Thought Leadership Articles
- Free Consultation Support
- Free Regulatory Software Tools

"The launch of this platform is our first step towards information provision, and we are glad to deploy Covid-19 Regulatory Task Force (CRTF) to drive this with utmost precision" added Suren.

Freyr is a leading, niche, full-service global Regulatory Solutions and Services Company supporting, Large, Medium and Small Size Global Life sciences companies, (Pharmaceutical |Generics | Medical Device | Biotechnology | Biosimilar | Consumer Healthcare | Cosmetics) in their entire Regulatory value-chain; ranging from Regulatory Strategy, Intelligence, Dossiers, Submissions etc. to Post- Approval / Legacy Product Maintenance, Labeling, Artwork Change Management and other related functions.
