

## Rafarma explores University and Hospital Joint Venture in Thailand

15 September 2020 | News | By Hithaishi CB

**The 3-day conference outlined the importance of the South-East Asian markets and the significance of joint research projects being commenced between Rafarma Pharmaceuticals in association with Mahidol University, Yala University, and Siriraj Hospital.**

Rafarma Pharmaceuticals, Inc. reports that Mr. Anucha Pehtpeng, Rafarma's Director of Thai Operations, represented the company along with leading research teams from Mahidol University, Yala University, and Siriraj Hospital at a key conference in Bangkok from 29 to 31st August 2020. The main point of the conference was to discuss future collaboration between Rafarma Pharmaceuticals and the above-mentioned institutions.

Mr. Pehtpeng presented Rafarma's research on the already-proven effects of cannabis-based anti-depression drugs. Mr. Pehtpeng had also presented the company's advances in a new generation of anti-aging drugs. The conference concluded with Mr. Pehtpeng outlining the importance of the South-East Asian markets and the significance of joint research projects being commenced between Rafarma Pharmaceuticals and the above-mentioned institutions.

The announcement is under "Forward-Looking Statements".
