To bolster healthcare by leveraging AI and Cloud in Asia Pacific markets

Healthcare Triangle Inc., a leading provider of healthcare and life sciences cloud transformation, managed services, and data analytics platforms, has announced its launch in Singapore with focus to bolster digital healthcare in the city-state and across the Asia Pacific (APAC). Healthcare Triangle expected to invest up to $25 million in Singapore and to create over 500jobs in the next five years.

The launch was officiated in the presence of Guest of Honor P. Kumaran - the High Commissioner of India and other esteemed dignitaries.

Healthcare Triangle is HITRUST certified and a premier partner of Amazon Web Services (AWS), Google Cloud (GCP) and Microsoft Azure to provide multi-cloud services to customers. To provide holistic digital health solutions, they collaborate with Epic and MEDITECH, leading Electronic Health Records (EHR) vendors. They are one of the few providers in the region with a comprehensive network of partners that allows them to support regional and global healthcare projects.

In APAC, they plan on tapping into Shankar Group, a leading diversified enterprise in FMCG, property development and services presence across the region, including South Asia, the Middle East, Japan, and Australia to expand its services all over the ecosystem.
