The state-of-the-art screening and medical imaging centre enhances preventive health and wellness capabilities to strengthen comprehensive healthcare in the region

Singapore's healthcare company, Doctor Anywhere (DA), has unveiled its flagship health screening and imaging centre, **DA MedSuites**, as the premier one-stop medical facility in Singapore to deliver quality, comprehensive healthcare in the region.

Minister for National Development and Minister-in-Charge of Social Services Integration, Desmond Lee, inaugurating the DA Orchard MedSuites. Minister Lee mentioned that, as Singapore's healthcare sector continues to evolve, the new health screening centre affirms DA's commitment to providing holistic and quality healthcare services. The opening ceremony was witnessed by Xie Yao Quan, Member of Parliament for Jurong GRC, and other guests including industry partners, major health insurers and representatives from Enterprise Singapore.

Singapore faces challenges ahead with its ageing population and the rising prevalence of chronic illnesses, which are projected to triple healthcare costs to [approximately S\\$27 billion by 2030](#). There is a need to transition from reactive care to proactive measures aimed at ensuring individuals are less vulnerable to illnesses by encouraging them to reshape their health-seeking behaviours and lifestyles.

Lim added, "We are excited about the future of healthcare. Our technology-driven approach and focus on harnessing innovative technologies to enhance healthcare delivery will see us progressively introducing Gen-AI solutions across all of DA's healthcare services and solutions, with the overarching goal of elevating healthcare outcomes in the region."

In deepening its services in preventive healthcare, DA aims to drive a greater impact on individual well-being and the broader community. The launch of DA MedSuites not only aligns with the national health agenda and supports initiatives like [Healthier SG](#) but also signifies a forward-looking approach to healthcare, paving the way towards a sustainable and resilient future.

State-of-the-art medical centre centralises health screening and medical imaging:

Situated in Orchard Road, the state-of-the-art medical centre centralises health screening and medical imaging services in a single location, providing a level of comprehensive care and convenience akin to hospitals. This integrated model makes screenings convenient, fast and accessible, underscoring DA's commitment to setting new standards in patient-centred care.

A 12,000 square feet facility located in COMO Orchard, DA MedSuites features:

- Comprehensive health screenings beyond routine health examinations, such as screenings for cancer and lifestyle diseases, cardiovascular assessments and fertility tests coupled with Personalised care recorded
- 17 private pods and 3 VIP suites in a sophisticated and serene environment designed for optimal comfort and privacy
- Advanced diagnostic imaging services including X-rays, CT scans, MRIs and Bone Mineral Densitometry (BMD)
- On-site food & nutrition masterclasses and community health initiatives designed to educate and empower individuals by encouraging the adoption of sustainable, healthy dietary, and lifestyle habits
- Privileges featuring a variety of wellness-focused benefits. Plus, a special stay package in partnership with COMO Metropolitan Singapore

"The shift from treating symptoms to preventing disease is crucial. By seamlessly integrating convenience, advanced technology, and a holistic well-being approach, we aim to empower individuals to proactively manage their health through early detection and preventive measures against critical and chronic illnesses," said Lim Wai Mun, Founder & CEO of Doctor Anywhere.

DA recently announced a \$40.8 million Series C1 extension round in December 2023, from investors including Square Peg and Novo Holdings. The additional capital injection is slated to accelerate next-generation healthcare innovation within the company and strengthen its presence in secondary care. This brings its total investments since inception to more than \$180 million.

In addition to health screenings, DA MedSuites is establishing a holistic approach, in education and empowerment through food and nutrition masterclasses, as well as community health initiatives aimed at fostering overall well-being.
