Sakra World Hospital announces a 500-bed facility in Bengaluru

Sakra World Hospital has announced its visionary plan for a new state-of-the-art facility in Bengaluru, India. Sakra is India's first 100% FDI Multi-Super Specialty hospital powered by Japanese innovation and technology through a collaboration between healthcare major Secom Medical System and trading conglomerate Toyota Tsusho.

Strategically located in Banaswadi, North Bengaluru, to be constructed at an estimated cost of Rs 1,000 crore, Sakra's new facility will boast a remarkable 500-bed capacity and a sprawling built-up area spanning 600,000 sq. ft (55,740 sq. m). This expansion signifies Sakra's commitment to providing unparalleled healthcare services to the local community and beyond. Also, the latest healthcare project brings forth an unparalleled synergy of medical advancements and technological innovations to the Indian shores.

In line with the founding team's motto, the new facility will incorporate state-of-the-art infrastructure and advanced treatment protocols, setting a new benchmark in healthcare excellence.

Scheduled for completion by the end of 2026, the new facility will feature a fusion design, blending Indo-Japanese architectural elements, symbolizing a harmonious mix of tradition, technology and innovation.

The launch of the new facility marks just the beginning of Sakra's ambitious expansion plans. With future developments aimed at adding 1,000 beds across Bengaluru in the upcoming years, Sakra World Hospital remains steadfast in its mission to enrich the quality of life for all through its research and education initiatives.
