

Chinese medical aesthetic player Singclean to launch products in Thailand

25 June 2024 | News

Both Singfiller and Singderm have achieved full coverage in all provinces in China

Singclean, a global player and a leading Chinese manufacturer of high-quality medical aesthetic products, announced in IMCAS Asia, the leading event for dermatology and aesthetic & plastic surgery in Asia, that Singfiller and Singderm HA fillers will launch in Thailand this November.

Although still not officially certified in Thailand, Singfiller and Singderm's global excellent performance and good reputation have sparked interest among local agents and doctors, who eagerly await their introduction to bring new vitality and choices to Thailand's medical aesthetics field.

Both Singfiller and Singderm have achieved full coverage in all provinces in China and are popular in over 30 countries and regions including Southeast Asia, Europe, Middle East, and South America.

Valued at \$1.46 billion in 2023, the Thai aesthetic medicine market is characterised by substantial demand.

Singfiller and Singderm's launch in Thailand will definitely accelerate Singclean's global strategic expansion. Moving forward, Singclean will leverage its strengths in R&D, manufacturing, quality controlling and services to advance the development of global medical aesthetics industry.
