RadLink unveils new Diagnostic Center in Camden, Singapore

April 12, 2025 | News

Advances healthcare solutions and improving diagnostic services

RadLink had grand opening of RadLink Camden Medical in Singapore on 12 April 2025, marking a significant milestone in our ongoing expansion.

With this addition, RadLink centres now includes 8 MRI scanners, 3 CT scanners, 2 PET CT scanners and other imaging facilities, strengthening our ability to support the growing diagnostic needs of patients and clinicians. RadLink is supporting evolving healthcare needs with safe, reliable and advanced imaging capabilities.

RadLink's new Diagnostic Center in Camden marks a significant step in delivering advanced healthcare solutions and improving diagnostic services for the community.
