To explore ways for Indian companies to procure medicines for Vietnamese public healthcare facilities from 2027

At the invitation of Prime Minister of India, Narendra Modi, the General Secretary of Central Committee of Communist Party of Viet Nam, President of the Socialist Republic of Viet Nam, To Lam, paid a State Visit to India recently. General Secretary, President To Lam was accompanied by a high-level delegation.

The leaders reaffirmed their commitment to strengthening cooperation in the health sector. Acknowledging the advancements made by the Indian pharmaceutical industry, the two sides agreed to explore ways for the potential participation of Indian companies in the procurement of medicines for Vietnamese public healthcare facilities from 2027, as mutually agreed.

Recognising the growing importance of technology, they encouraged cooperation in the digital transformation of healthcare, including the application of AI in the health sector.

Given the long history and rich heritage of traditional medicine in both countries, the leaders agreed to promote exchange of knowledge, research and best practices, while encouraging closer institutional linkages.

They welcomed the progress towards the completion of the MoU on Traditional Medicine and the proposed MoU on the establishment of an Academic Chair in Ayurveda in Viet Nam.
