

BioPharma Asia: Marken wins Best Life Science Logistics Service Provider

18 March 2014 | News | By BioSpectrum Bureau

Singapore: Logistics firm, Marken, is awarded the Best Life Science Logistics Service Provider at BioPharma Asia Industry Awards, conducted during BioPharma Asia Convention, held in Singapore, from March 11-13.

Mr. Michael Culme-Seymour, Vice President-Asia Pacific Region, Marken said that, "Marken proudly accepts this award as an acknowledgment of our growing service to the industry in the APAC region. Our dedicated staff at the depots and branches in Singapore, Beijing and the entire region provides the passion and service to our clients that drive the key indicators behind this award. We applaud our employees and thank our clients for their trust and confidence in awarding Marken with this distinction."

Mr. Wes Wheeler, CEO, Marken said, "Being recognized as the Best Life Science Logistics Service Provider in our industry confirms that our 100 percent dedication to the pharmaceutical industry is the right direction for our organization and is valued by our clients in the clinical trials industry."
