

Shanghai to host 'MEDTEC China 2014'

08 July 2014 | News | By BioSpectrum Bureau

Singapore: With the objective to promote high-end medical equipment localization, China is holding MEDTEC China 2014 summit on September 25-26 at Shanghai World Expo Exhibition & Convention Center.

The event will conduct a series of academic, educational, and technical forums onsite to strengthen the cooperation among manufacturers, research institutes, and colleges, pushing forward the development of China's medical industry together.

The event is expected to have 300 global leading suppliers with a showcase of innovative products and solutions to help solve design and materials obstacles, and improve competitiveness. Brands like 3M, Bayer, Bard Peripheral Vascular-OEM, Bose, Bluestar Silicones, BUMOTEC, Carclo, Clariant, Creganna-Tactx, Dassault Systemes, DSM, Evonik, Fort Wayne Metals, GlobTek, HIWIN, Indo-US MIM, Medplast, Mikron, Nipro, Qosina, Solvay, Styron, TE Connectivity, Teleflex, Tornos, Wacker, and Zeus are expected to participate in the exhibition.

China government officials, suppliers, manufacturers, associations and third-party certification body are invited to highlight issues like FDA updates, UDI, 3D printing technology, primary care, new concepts, and more.
