

## CHOP and UAE Health Ministry sign MoU

October 6, 2017 | News

**The Ministry of Health and Prevention of the United Arab Emirates is dedicated to providing quality care for patients and education for clinicians.**

The Ministry of Health and Prevention of the United Arab Emirates (MOHAP) and Children's Hospital of Philadelphia (CHOP) have entered into a memorandum of understanding (MoU) regarding a pediatric specialty consultation program to provide clinical and educational services to MOHAP hospitals.

The Visiting Consultants Program intends to bring the expertise of CHOP physicians to patients at MOHAP hospitals within the United Arab Emirates. The visiting physicians will meet with the clinical team, perform clinical consultations as needed, perform inpatient consultations and give lectures to the MOHAP team.

The Ministry of Health and Prevention of the United Arab Emirates is dedicated to providing quality care for patients and education for clinicians.

As a result of this important initiative, both clinicians and children in the Middle East region will benefit from medical education and consultations by CHOP healthcare providers who are experts in the field of pediatric medicine.
