Werum IT Solutions to boost paperless pharma manufacturing

April 12, 2019 | News

Werum IT Solutions and Emad Trade House have commenced a partnership for expanding the market reach into Pakistan and the Middle East

Werum IT Solutions, the world's leading supplier of manufacturing execution systems (MES) and manufacturing IT solutions for the pharmaceutical and biopharmaceutical industries, is pleased to announce a new partnership with Emad Trade House.

Emad Trade House is a leading trading company with over 40 years of experience in providing cost effective solutions such as raw and packaging materials as well as process equipment to the pharma, cosmetics, food and beverage industry in Pakistan and the Middle East region.

Werum's PAS-X MES enables pharmaceutical and biotech facilities to run manufacturing processes completely paperless at the highest level and to be compliant with international GMP guidelines and FDA regulations.

The requirements of the pharma industry are directly addressed by Werum's out-of-the-box PAS-X solution without any need for expensive and time-consuming customization. Based on standard functionality and best practice content, pharma and biotech manufacturers will be able to have the number one global pharma MES up and running in a very short time.
