STARLIMS Ranks as the #1 LIMS Provider on G2

July 11, 2023 | News

Named a Leader in the GridÃ?Â® Report, Momentum GridÃ?Â® Report, Relationship Index, and Results Index, STARLIMS outperforms competition in several categories.

STARLIMS, a recognized leader in enterprise laboratory informatics solutions, today announced its outstanding performance in the Summer 2023 rankings by G2, a renowned peer-to-peer software review site. STARLIMS has emerged as the number one LIMS provider over 180 competing vendors, securing the top position in several influential reports, and earning a total of seven badges, underscoring the company's exceptional momentum and the high level of satisfaction among its valued customers.

STARLIMS clinched coveted leading positions in the Grid® Report, Relationship Index, Results Index, and Momentum Grid® Report for LIMS. These achievements affirm STARLIMS' industry-leading position and unrivaled commitment to customer satisfaction. Notably, STARLIMS customers highlighted the user-friendly interface, efficient functionality, and white glove service among their reasons for ranking STARLIMS so highly. Further, STARLIMS also placed among the top three spots in four additional reports, including the Grid® Report for Scientific Data Management System (SDMS), Usability Index for LIMS, Relationship Index for Electronic Lab Notebook (ELN), and Grid® Report for Electronic Lab Notebook (ELN).

"We are delighted by the resounding satisfaction expressed by our customers regarding their STARLIMS experience. Being named leader in the LIMS category is an honor and reflects our unwavering dedication to delivering exceptional laboratory informatics solutions," said Brandon Henning, Chief Product & Marketing Officer at STARLIMS. "We are immensely grateful for the trust our customers have placed in us, and we will continue to innovate and deliver robust solutions that meet their evolving needs."

Customer Reviews for STARLIMS:

- “It has led to many efficiency gains within our laboratories, and we continue to advance its usage.”
- “STARLIMS is a powerful platform with great flexibility in process configuration.”
- “STARLIMS provides robust security and authority control functions, which can protect the security and integrity of data and ensure that only authorized personnel can access sensitive data.”
- “STARLIMS system provides a wealth of visualization tools, which can visually display data in charts, reports, dashboards, etc., to help users better understand data and trends.”

- Reviews collected by and hosted on G2.com.

With this achievement, STARLIMS solidifies its position as the preferred choice for companies seeking superior laboratory informatics solutions that enhance operational efficiencies, boost productivity, and accelerate innovation across a number of industries.
