Medical Excellence Japan signs MoUs with NATHEALTH and YEIDA in India

May 7, 2026 | News

Significant milestones in India-Japan MedTech collaboration

On the sidelines of the 3rd India-Japan Joint Committee Meeting on Healthcare, co-chaired by Union Health Minister JP Nadda and Japan's Minister for Healthcare Policy Kimi Onoda, Medical Excellence Japan (MEJ) signed Memorandums of Understanding (MoUs) with NATHEALTH and Yamuna Expressway Industrial Development Authority (YEIDA).

Through the partnership, NATHEALTH and MEJ will work on advancing medical technology, medical equipment, human resource development, and other healthcare services between Indian and Japanese healthcare companies.

On the other hand, the agreement with YEIDA lays a structured foundation for Joint R&D and innovation in medical devices; Investment promotion for Japanese MedTech firms into YEIDA's Medical Device Park; Technology transfer & regulatory collaboration; Startup incubation connecting Indian entrepreneurs with Japanese industry leaders.
