EDITORIAL CALENDAR

JANUARY

Cover Story: "The Future of Precision Medicine in Asia"

- How precision medicine is transforming healthcare in Asia.
- Spotlight on oncology and genomics advancements.
- The role of AI and big data in driving personalized healthcare.
- Regional collaboration in precision medicine research.

Special Focus: Singapore

- A leader in precision medicine and clinical trials.

MARCH

Cover Story: "Regulatory Trends in Biopharma: Global Compliance Outlook for 2025"

- Global regulatory changes influencing antibody and ADC development.
- Fast-tracking biologics: Navigating compliance challenges for innovative therapies.
- Harmonizing global regulatory frameworks for therapeutic antibodies and biologics.
- Key strategies for eTicient product approvals in the growing ADC market.

Advertising Opportunity Focus:

- Promote technologies and services that accelerate antibody discovery and drug development, emphasizing compliance with evolving regulatory landscapes.
- Highlight solutions that enable faster, cost-effective clinical trials for therapeutic antibodies.
- Case studies of successful regulatory navigation for complex biologics, particularly in oncology and rare diseases.

Special Focus: Japan

- A leader in regulatory frameworks and innovation in biologics and antibody therapies.

This version maintains relevance to antibody discovery and ADC-related advancements while.

www.biospectrumasia.com

FEBRUARY

Cover Story: "AI-Driven Drug Discovery: The Revolution in Biotech"

- Global and regional advancements in AI for drug discovery.
- Machine learning's impact on drug development timelines.
- Success stories from AI-driven platforms in Asia.

Special Focus: China

- The rise of AI in China's biopharma R&D landscape.

APRIL

Cover Story: "Sustainable Biomanufacturing: Biotech's Path to Green Innovation"

- Green initiatives in biopharmaceutical manufacturing.
- Case studies on reducing carbon footprints and waste.
- Global eNorts in sustainable supply chain management.

Special Focus: South Korea

- Biomanufacturing innovations and sustainability leadership.

MAY

Cover Story: "Vaccine Development and Distribution Post-Pandemic"

- Updates on global vaccine R&D and production innovations.
- Strategies for overcoming vaccine distribution challenges in developing countries.
- Role of Asia in ensuring global vaccine equity.

Special Focus: India

- India's role in global vaccine production and distribution.

EDITORIAL CALENDAR

JUNE

Cover Story: "Collaborative R&D: Partnerships Shaping the Future of Biopharma"

- Major biotech partnerships and alliances across regions.
- How global collaborations are accelerating drug development.
- Cross-border innovation hubs in Asia.

Special Focus: Australia

- A key player in Asia-Pacific biopharma partnerships.

AUGUST

Cover Story: "Biotech Startups: Emerging Leaders in Asia's Innovation Ecosystem"

- Top biotech startups driving innovation across Asia.
- Funding trends and venture capital interest in emerging markets.
- New technologies and therapies from startups in oncology, rare diseases, and genomics.

Special Focus: Malaysia

- Rising as an innovation hub for biotech startups.

OCTOBER

Cover Story: "Gene Therapy: Unlocking New Possibilities in Treatment"

- Breakthroughs in gene therapies & their impact on global healthcare.
- Case studies on successful gene therapy trials.
- Regulatory challenges & opportunities in gene therapy across Asia.

Special Focus: Thailand

- Emerging as a hub for gene therapy research and innovation.

JULY

Cover Story: "Global Clinical Trials: Trends and Innovations in Asia"

- The rise of decentralized clinical trials in the post-pandemic world.
- How Asia is becoming a hotspot for global clinical research.
- Challenges and opportunities in multinational clinical trials.

Special Focus: Taiwan

- Leading innovations in clinical trial infrastructure.

SEPTEMBER

Cover Story: "Antibody-Drug Conjugates: The Next Generation of Cancer Treatment"

- ADCs revolutionizing cancer therapies across the globe.
- Advances in bioconjugation technologies and ADC development.
- Key partnerships driving ADC innovations in Asia.

Special Focus: Hong Kong

- Leading developments in antibody research and cancer treatment.

NOVEMBER

Cover Story: "Next-Gen Vaccines and Therapeutics: Preparing for Future Health Threats"

- Focus on innovations in vaccines for emerging diseases.
- The role of therapeutics in global pandemic preparedness.
- Collaborative eNorts between Asia and global health agencies.

Special Focus: Vietnam

- Growth in vaccine development and pandemic preparedness.

DECEMBER

Cover Story: "What's Next for 2026? Predictions for Biopharma in Asia"

- Key trends and market predictions for 2026 in the Asian biopharma landscape.
- Emerging therapeutic areas and market growth opportunities.
- Strategic insights from industry leaders on the future of healthcare and biotech.

Special Focus: Philippines

- A rising player in healthcare innovation and biotech research.

EXCLUSIVE NEWSLETTER'S THEME 2025

JANUARY

Newsletter Theme: "The Future of Drug Discovery in Asia"

- Focus on AI-driven drug discovery platforms and innovations.
- Emerging technologies transforming drug discovery pipelines.
- Biopharma R&D investments in Asia.

MARCH

Newsletter Theme: "Regulatory Pathways in Biopharma: Challenges and Opportunities"

- Global regulatory trends affecting biopharma product approvals.
- Harmonizing global standards for therapeutic antibodies and biologics.
- How Asian biopharma companies are navigating regulatory landscapes.

MAY

Newsletter Theme: "Radiopharma: Precision Imaging and Therapeutics"

- Radiopharmaceuticals in diagnostic imaging and therapeutic applications.
- Growth of radiopharma in oncology and personalized healthcare.
- Asia's role in driving radiopharma innovation.

FEBRUARY

Newsletter Theme: "Flow Cytometry: Unlocking New Frontiers in Research and Diagnostics"

- Advances in flow cytometry for cellular analysis and diagnostics.
- Role in cancer research, immunology, and personalized medicine.
- Innovations shaping the future of flow cytometry in Asia.

APRIL

Newsletter Theme: "ADC Market: From Discovery to Therapeutic Breakthroughs"

- Innovations in Antibody-Drug Conjugates (ADCs) and their clinical impact.
- Bioprocessing advances in scaling ADC production.
- Market insights: Growing demand for ADC therapies across Asia.

JUNE

Newsletter Theme: "Bioprocessing Innovations: Scaling Biologics and Vaccines"

- Advances in bioprocessing technology for biologics and vaccine production.
- Sustainable manufacturing practices in biopharma.
- The role of Asia as a bioprocessing hub for global markets.

EXCLUSIVE NEWSLETTER'S THEME 2025

JULY

Newsletter Theme: "Healthcare Digitalization: AI, Data, and Patient-Centric Care"

- AI applications in healthcare delivery and patient management.
- The rise of telemedicine and digital health in the Asia-Pacific region.
- How data-driven healthcare is transforming patient outcomes.

SEPTEMBER

Newsletter Theme: "Rodent Service Work: Preclinical Research and Beyond"

- Importance of rodent models in drug discovery and preclinical research.
- Innovations in rodent service work supporting biopharma R&D.
- Case studies on rodent models for oncology and neurological diseases.

NOVEMBER

Newsletter Theme: "Therapeutic Antibodies: Advances in Oncology and Beyond"

- Progress in antibody-based therapeutics for cancer and autoimmune diseases.
- Insights into bispecific and trispecific antibodies.
- Market opportunities for therapeutic antibodies in Asia.

AUGUST

Newsletter Theme: "Diagnostic and Theranostic Advancements: Beyond Conventional Testing"

- Breakthroughs in diagnostics and theranostics, particularly for cancer.
- Emerging diagnostic technologies shaping personalized medicine.
- The role of AI and digital tools in diagnostics.

OCTOBER

Newsletter Theme: "Medical Imaging: Innovations in Diagnosis and Treatment"

- New technologies in medical imaging, including AI-enhanced imaging.
- The role of imaging in diagnostics and treatment planning.
- The rise of precision medical imaging in oncology and cardiovascular care.

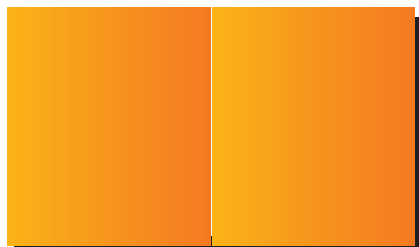

DECEMBER

Newsletter Theme: "Trends and Predictions for 2026: Biopharma, Diagnostics, and Healthcare"

- Key trends to watch for in 2026 across biopharma, diagnostics, and healthcare.
- How AI, precision medicine, and ADCs are shaping the future of biotech.
- Industry leaders share predictions for the next year in healthcare innovation.

WEBINARS

- Lead Generation
- Thought Leadership
- Brand Awareness

Every BioSpectrum Asia webinar is a full-service, turnkey marketing solution that generates leads, enhances your brand and identifies your company as a thought leader.

When we create a BioSpectrum Asia webinar, we fuse your message with the current interests and needs of our audience (your targets!). And when all is said and done, you'll have an online event that's on target, expertly marketed, flawlessly produced and delivers a strong return on investment.

Average Webinar Registrants

WEBINARS ARE ACCESSIBLE VIA DESKTOP AND VARIOUS MOBILE DEVICES

Traditional Webinars

\$ 18,000

Live, hour-long educational sessions that feature some of the most renowned experts in printing. Sponsorship provides a unique opportunity to align your brand with our editorial content.

Webinar Express

\$ 12,500

Short, pre-recorded webinars available to busy professionals on-demand. Work with an editor to put your presentation together or provide your own content.

Highlight Reel **\$ 1,500**

Work with our team to create a short video featuring the highlights of your event. This video will be posted on our site as content and used to encourage registrants who have not viewed the webinar to check out the full-length session!

NOTEWORTHY EXTRAS

Whitepaper Spotlight

Give us a resource to feature on the event console and in post-event emails.

Webinar Recording

Use these video files as content on your own site! Included in all webinar packages.
